Roll • Spray • Brush • Pad

Penetrating Primer Seals Raw Wood

Excellent to Seal Stucco, Concrete and Plaster

Seals and Fills Alligatored and Orange Peeled Surfaces

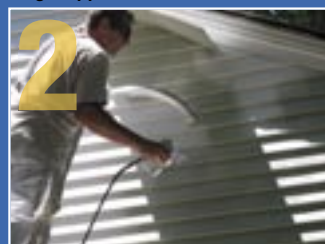

Prepares Brick & Masonry for an Exceptional Topcoat

## Peel Bond is Easy to Apply.

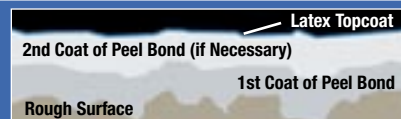

Power wash and scrape. Feather sand peeled paint edges as needed for smoother topcoat.

Apply Peel Bond by brush, roller, pad or spray up to 30 mils wet in a single application.

Peel Bond dries hazy clear telling you it's ready to paint, or it can be tinted for a guide coat.

Apply latex topcoat for a beautiful, long lasting result. Peel Bond is a better way to paint!
